Information for Authors

Papers should be sent in triplicate to the Editors, *Clinical Molecular Pathology*, Department of Histopathology Birmingham Heartlands Hospital, Bordesley Green East Birmingham B9 5SS. Telephone number: 0121 773 1161. Fax number: 0121 773 1182. They should be typewritten with double spacing on one side of the paper only. The names of the authors with initials or one forename should be followed by the name of the institution where the work was performed. An indication of the position held by each author must be given in an accompanying letter to the Editors, and this should include the signatures of all authors on papers with joint authorship. Guidelines on authorship are detailed in *J Clin Pathol* 1986;39:110. Results should not be shown as both tables and graphs, and histograms should not be used where tabular information would be more appropriate.

ARTICLES Papers should usually be no more than 2000 words long and should report original research of relevance to the understanding and practice of clinical pathology. They should be written in the standard format with a structured abstract. The abstract should contain the headings *Aims, Methods, Results and Conclusions* and be no more than 250 words long. The body of the paper should have separate sections for the introduction, the methods and the results, and the discussion. If statistics are used the methods and confidence intervals should be stated. Authors are urged to seek expert advice if in doubt. Revised manuscripts should be submitted as hard copy and on disk. Detailed instructions will be sent to authors on invitation to revise. Occasional Articles have a less rigid format, being 1500–2000 words in length. They are usually invited by the editors, though unsolicited submissions will be considered. Single case reports and brief papers (such as those describing negative findings) will usually be considered only as Short Reports. The format for these is an unstructured 150 word summary, up to 1500 words of text, up to two tables or figures (or one of each) and no more than 10 references. Letters to the Editor should normally refer to previously published papers or make some point about the practice of pathology. They are not intended to be a vehicle for the presentation of new data unrelated to earlier Journal articles.

ACKNOWLEDGMENT OF RECEIPT A stamped addressed postcard should be enclosed for return to the author as acknowledgment of receipt of the manuscript. Overseas authors should enclose international reply paid coupons.

ETHICS The critical assessment of papers submitted will include ethical considerations.

ILLUSTRATIONS Diagrams should be reproduced photographically. The legends for illustrations should be typed with double spacing on a separate sheet. Photographs and photomicrographs must be of high quality in full tonal scale on glossy paper, and unmounted. Only salient detail should be included. Areas without tissue ("background") should be as near white as possible. The width of illustrations should be 6.7 cm, 10.2 cm,

13.7 cm or, in exceptional circumstances, 17.4 cm, to fit the column layout of the Journal. Colour reproduction is welcomed and is subsidised by the Journal; for details of costs to the author please contact the Journal office.

ABBREVIATIONS Abbreviations must be spelt out on first use or be accompanied by explanation in the text. The use of non-standard abbreviations and acronyms should be avoided.

Symbols and abbreviations should be in the Vancouver style.

UNITS All measurements should be given in SI units.

REFERENCES The references must be given in the Vancouver style.
